

Branson Rally 2018 Let The Fun Begin by John Swartley

As the sun set Wednesday the 3rd on Lake Taneycomo, in Branson the 2018 Branson Eagle Rally fun had begun. 26 Eagle bus conversions were all parked, necessary connections made and everyone was getting ready for a fun week in Branson. Mother Nature was providing perfect weather for the event.

The photo of all the buses, is a file photo from the 2016 event that looked like the 2018 line up.

The hosts, Byron and Betty Pigg had spent many hours getting everything organized for this week of fun.

After the “happy hour” to catch up on the gossip from the last bus rally, Byron called a meeting to order. Two representatives from Branson welcomed us to the area with suggestions on what to enjoy while we were here.

Then we had an excellent catered meal by Skinners Catering company.

One reason the Branson Eagle Rallies are so successful is because there are so many activities in the area that appeal to everyone. Byron does not schedule many activities allowing everyone the opportunity to see what they enjoy the most.
